

Music
As musicians, we will be using a variety of instruments to compose note patterns using the pentatonic scale.

PSHE
As part of our personal development, we will be looking at what gives us a sense of belonging and how we can become good citizens.

Computing
As computer technicians, we will be developing our understanding of e-safety, algorithms and programming.
Key Influencer: Ada Lovelace

Why was the Victorian era so important to the modern World?

History
As historians, we will be looking at the main events of Queen Victoria's reign. We will be discussing the changes that happened during the Victorian era and the impact this era had on our lives today.
Key Influencer: Queen Victoria

Religious Education
This term, we will be learning about the Hindu community and the different Hindu gods.
Key Influencer: Alkshmi Goddess

Art
As artists, we will be exploring and developing ideas based on the artwork of William Morris.
Key Influencer: William Morris

DT
As designers, we will be designing a circuit board game using our electrical knowledge acquired from science. We will evaluate our product against original design criteria.

French
As linguists, we will be exploring how to recognise and understand simple commands and questions.

Physical Education
As dancers, we will create routines that showcase precision, rhythm and control.

Science
As scientists, we will be exploring two different topics: forces and magnets & electricity. We will be taking part in practical investigations, comparing our test results and drafting detailed annotated diagrams.
Key Influencer: Thomas Edison
